Hot Weather Policy

The purpose of this policy is to ensure that, so far as is reasonably practicable, workers and market users that are required to work outdoors or in inclement weather conditions are provided with a safe and healthy system of work for protection from the risks of heat stress. The policy is to protect the market users of any heat related illnesses as well as their produce.

In the event that the weather forecast indicates extreme heat and the temperature to be on or above 36 C, APML will operate a “Cash and Carry” trading day this will be communicated to the market community 24 hours in advance indicating that the Hot Weather Policy is in effect.

Entry times will be displayed on the electronic signs boards within the market. The table below clarifies the Hot Weather Trading times:

	Mon, Wed & Fri	Tues, Thur, & Sat
Entry	4:15am	4:55am
Exit (Cash & Carry)	4:15am	4:55am

The Hot Weather Policy can also be viewed on the APML website.

Mr Angelo Demasi
Chief Executive Officer
