SUBJECT:	Coronavirus (COVID-19) Update

URGENT PLEASE REPLY FOR YOUR INFORMATION PLEASE REVIEW

As communicated throughout our Market Community, SAPML are in constant contact with State Government to ensure we deal with the challenges our Tenants are facing during these unprecedented times.

We can confirm, as at the time of sending this email, we have not identified any confirmed cases of COVID-19 within our site.

I would like to reiterate, two of the main scenarios which have been identified by our Risk Consultant are:

1. A symptomatic person is identified whilst on site;
2. a person is in close contact with a confirmed case of COVID-19 on our site.

I also confirm below the following definition for “close contact” as provided by the SA Government Protocols for COVID-19 as at 23 March 2020:

- Close Contact is where a person has had more than 15 minutes face-to-face contact with a confirmed case; or
- shared an enclosed space for more than two hours with a confirmed case in the period extending from 24 hours BEFORE the onset of symptoms.

Please be assured, we have appropriate processes in place to be able to monitor and deal with the different scenarios which may impact our site and we will continue to communicate with you via ongoing emails and the SAPML website.

Kind regards

Angelo Demasi

Chief Executive Officer
